

Heitz Wine Cellars

Ink Grade Port

Tasting Notes

Rich and full-bodied with a wonderfully balanced sweetness, Heitz Ink Grade Port has been a customer favorite since we introduced it in 1994.

The lush, fruitiness of this wine comes from a blend of eight classic Portuguese varieties. Our winemaker has combined several vintages to achieve an outstanding depth of dark berry flavors with smooth notes of honey.

You will not want to wait for dessert! Heitz Ink Grade Port is also terrific paired with your favorite cheese or by itself as an aperitif.
